Important Notice--USFA Assistance to Firefighters' Grants

The SFMO is working closely with FEMA to ensure FD compliance with grant funding requirements as they concern NFIRS. *FEMA will be automatically notified each quarter of departments that are delinquent in submitting their incident reports.* If your department fails to report consistently, including for the 12 month period after your USFA grant award begins, FEMA has assured us your department will be unable to close out your grant funding at the end of your award year. In extreme cases of reporting negligence, FEMA can take steps to freeze grant monies
